TOP CUT JARDINAIRE & FESTOON CURTAIN HANGING AND MEASURING GUIDE

As your order will be made to the measurements you supply it is important that you give us as much information as possible. We are therefore giving you the following guide to help obtain an accurate measurement of your window.

PLEASE REMEMBER, WHEN YOU BUY FROM US YOUR ORDER WILL BE ALTERED FREE OF CHARGE & THE SIDES ALL FINISHED AND DELIVERED READY TO HANG.

The following guide is for all Net or Voile Curtains.:-

To order a Made to measure **Jardinaire please follow the same measuring guide supplied for Net and voile curtains.**

PLEASE NOTE:-

THESE ARE MADE BY CUTTING THE SHAPE FROM THE TOP OF THE CURTAIN. THIS CAN WORK WELL ON ANY DESIGN WITH A SCALLOPED BASE AND ONE THAT DOES NOT HAVE ANY VERTICAL LINES IN THE PATTERN. WE WILL ONLY OFFER THIS OPTION ON DESIGNS WE CONSIDER SUITABLE.

DUE TO THE WAY THESE ARE MADE THE CURTAIN MAY APPEAR AN ODD SHAPE UNTIL IT IS HUNG CORRECTLY. TO OBTAIN THE BEST RESULT SOME ADJUSTMENT WILL BE REQUIRED TO ENSURE THAT THE CURTAIN IS CENTRALISED AND HANGING CORRECTLY.

To order a Made to Measure **Festoon please follow the same measuring guide supplied for Net and voile curtains.**

PLEASE NOTE:-

THE WINDOW WIDTH & GATHER SELECTION ON THE SITE WILL CALCULATE THE FOLLOWING INFORMATION

FESTOONS ARE MADE IN PANELS RATHER THAN METRES BUT AND ONCE YOU HAVE YOUR WINDOW SIZES WE RECOMMEND DIVIDING THE WIDTH OF THE WINDOW BY 23 CMS (9") TO GIVE YOU THE NUMBER OF PANELS YOU WILL NEED.

THIS CALCULATION INCLUDES THE RECOMMENDED AMOUNT OF GATHER SO NO NEED TO ADD FURTHER PANELS.

EXAMPLE FOR CALCULATING THE NUMBER OF PANELS REQUIRED

WINDOW WIDTH IS :-

250 CMS

DIVIDE BY 23 CMS =

10.86 Panels

ORDER NEAREST WHOLE NUMBER ABOVE CALCULATION

11 PANELS

REMEMBER IF YOU ARE UNSURE ABOUT ANY OF THE ABOVE PLEASE FEEL FREE TO CALL OR EMAIL AND WE WILL DO OUR BEST TO ASSIST YOU.
